

## 2996 AIR SHOCK- FORK OIL

### Description

Silboil Air Shock- Fork Oil is a specially developed Shock Absorber Fluid for the use in low-friction shock absorbers and spring struts. Highly refined, zero aromatic base oils guarantee excellent viscosity properties at low temperatures. The performance and characteristics are well known and approved by the major shock absorber producers.

### Features

- ◆ Extreme Low-Temperature Viscosity Extreme High Viscosity Index.
- ◆ High Shear Stability.
- ◆ Optimized Wear Protection.
- ◆ Excellent Elastomer Compatibility.

### Characteristics

Viscosity Index, ASTM D 2270	190
cSt @ 100°C	3.0 to 4.0
Pour Point, °C	-45
Flash Point, °C, ASTM D 92	130

\*The typical characteristics mentioned represent mean value.

### Health & Safety

Based on current available information, this product is not expected to produce adverse effects on health when used for the intended application and in accordance with the recommendations provided in the Material Safety Data Sheet (MSDS). MSDS's are available upon request through your local sales office, or via the Internet. This product should not be used for purposes other than its intended use. When disposing of used product, take care to protect the environment and follow local legislation.

## SILBOIL LUBRICANTS (INDIA)

Plot No. 6, Dan Udyog Industrial Estate, Piparia, Silvassa- 396230  
Union Territory of Dadra & Nagar Haveli, INDIA

This lubricant used in accordance with our recommendations and for the applications for which it is intended does not represent a special hazard. A Safety data file conforming to the requirements of current Indian legislation is available from your local trade consultant.
